DETAILED ACTION

Drawings

The drawings were received on January 25, 2011. These drawings are accepted and entered into the application file.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ernest Gifford on February 7, 2011.

The application has been amended as follows:

Claim 3 has been amended to depend on claim 1 (delete "claim 2" and replace with --claim 1-- in line 1 of claim 3).

In claim 4, "is trespassed by" is deleted and replaced with --engages and supports--.

Allowable Subject Matter

Claims 1, 3-8 and 11 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach the invention as claimed. It is noted by the examiner, and stated here for the record of prosecution, that the aspect of the invention as claimed in independent claim 1 determined to be novel and patentably distinct from the prior art is embodied in the following limitations: a reinforcing wall portion provided in a cylinder head of a refrigeration compressor, the reinforcing wall portion having an extension which is spaced from an outlet tube of a suction muffler (see annotated drawing – the reinforcing wall portion 12 having an extension, labeled for convenience, spaced from outlet tube 6) and having two openings which are parallel to each other, so that each receives one of two tubular projection of the outlet tube, the openings seated against a valve plate. These limitations, in conjunction with the relationship between the valve plate, the suction muffler and its outlet tube, patentably distinguishes the present invention from the previously cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to PATRICK HAMO whose telephone number is (571)272-3492. The examiner can normally be reached on M-F 8:30-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Devon Kramer can be reached on 571-272-7118. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
